Northwind Analytics - Q3 2026 Financial Report
Revenue for the third quarter was 18.4 million USD, up 12 percent year over year.
Gross margin improved to 64 percent thanks to lower cloud infrastructure costs.
Operating expenses were 9.1 million USD, driven mainly by hiring in engineering.
The company ended the quarter with 42 million USD in cash and no debt.

Outlook and Risks
Management expects Q4 revenue between 19 and 20 million USD.
The main risk is customer concentration: the top three customers represent 38 percent of revenue.
A currency hedge program will start in January 2027 to reduce exposure to the euro.
The board approved a share buyback of up to 5 million USD over the next twelve months.
